Dear Harold and Hal,

Freda and I are glad that you finally did get down to our Xmas card with the view of a small form our turnoil because we did get from you, as a result, the comparative good news that you got a $ 2 plus settlement on your battle for money due you on "Frame-up" and that you have finally reached agreement on a settlement of your litigation with the government for the harm it did by its overflights of your home and farm and that this will enable you to get out from under the load of debt which has accumulated on your home. That should allow you and Hal to heave sighs of relief.

We do hope that you are successful in your negotiations as a follow-up to the university feelers for your pulls. If it should eventuate in a deal which will give you a secure income for the balance of your and Hal's lives, that would be a consummation devoutly to be wished. Meanwhile help up the good work.

I find your comments about Watergate fascinating though, at this point, I would not be surprised by anything reflecting suppression of documents and other sources of information and involvement by Nixon, CIA and even Ford. As for the latter's part all I can say is that it must be that past that put a Ford into Nixon's future.

Will you and Hal be coming up our way? We would love to see you. Now that I'm with the judge I have no occasion to travel to Washington.

I hope your comparative good luck keeps up. Freda and I send our love

Sincerely
Sol
